Moyne Shire Council’s
Kerbside Waste Collection Guide

Only use green compostable bag liners in your FOGO caddy (these are supplied by Council)

Green compostable bag liners are derived from corn and will break down in a composting environment

Kitchen caddy contents must be emptied into your green lidded FOGO bin

FOGO caddy tips

YES

PLEASE

NO

THANKS

Plastic supermarket or biodegradable bags

Meat, prawn shells, fish scales

Food scraps, dairy products

Tissues, paper towels

Coffee grounds, tea bags

Egg shells, hair, feathers

Place these items loose in the bin and do not compact as the bin may not empty.
If you line the bottom of your bin with leaves, lawn clippings are less likely to stick to the bottom.

Strictly no plastics or other household garbage in this bin as it will reduce the ability of this material to be used for compost.

Do not place garbage, rocks, stumps, plastic shopping bags, plastics, bricks, building material, nappies, car parts, glass or scrap metal in your green bin.

FOGO - collected fortnightly (alternating)

FOOD

Fruit, veg, meat, fish, poultry, scraps

Green compostable bag liners with food contents

Dog droppings and bones

Egg and seafood shells
