Details:

We are looking to amend our HOURS OF OPERATION, so to better suit our client's needs. We have clients who occasionally need to finish a job they are working on, due to a wet weather event approaching or need rock supply on a Saturday, due to working themselves all week and can only pick up at the weekend. These clients need access on Saturday's to help get the job done. We would like to help these people out in the community to have access to products to complete their jobs or for them to gain satisfaction on their DIY jobs around the house, shed and back yards. To achieve this service for the community we are seeking to change our hours of Operation to 7.00am to 6.00pm Monday to Friday & 8.00am to 4.30pm Saturday. By doing this it would be a service to the wider community.

Also for us to have the ability to process during the dry weather conditions, as wet weather hampers our operation.

Note that we will NOT operate on declared Public Holidays.

- ☒ Provide plans clearly identifying all proposed changes to the endorsed plans, together with: any information required by the planning scheme, requested by Council or outlined in a Council checklist; and if required, include a description of the likely effect of the proposal.

Development Cost

Estimate cost of development*

If the permit allows **development**, estimate the cost difference between the development allowed by the permit and the development to be allowed by the amended permit.

\$ NA

Insert 'NA' if no development is proposed by the permit.

 You may be required to verify this estimate.
